

Carolina Moon Jazz Group Program

The Carolina Moon Jazz Group have several programs available for a range of events and situations from grand to small. Equally at home performing for an intimate group or large scale event as they are on the festival stage or bandstand, their songlist includes classic jazz songs from the American Songbook, flavours of elegant French chanson and earthy Spanish and Latin American rhythms, to cutting edge contemporary jazz repertoire.

Their hallmark sound is smooth, fresh, with a contemporary edge and their programs are selected on a case by case basis drawing from an eclectic and versatile songlist of over 300 songs. Carolina sings in a range of languages and the programs below include songs in French, Spanish and Portuguese.

Carolina and Roger work throughout NZ and across the North Island with rhythm sections based in both Auckland and Wellington regions.

Concert Program

A dynamic selection of timeless classics from the American Songbook are given a fresh, musical interpretation and share the stage with elegant flavours of French chanson, high energy swing, fluent bebop, Latin American rhythms and some cutting edge contemporary jazz repertoire.

Songs are chosen on an individual basis and are brought together in a rich and balanced program of styles, energy and fresh arrangements.

".. a polished and very professional concert by a consummate vocalist who must rank as one of the best in Australasia".

Carolina Moon Concert, Wanganui Jazz Club, July 2007

French Program

This is our latest program which includes a superbly classy and sophisticated set of French repertoire with arrangements of classic French songs. Add the Hot Club flavours of Django Reinhardt which include recently re-discovered lyrics from the 40's, and you have a concert which is fun, elegant and accessible with lyrics in both French and English.

Events, Functions and Weddings

The Carolina Moon Jazz Group create their own arrangements from a flexible songlist of over 300 songs. They perform in both intimate or large scale settings.
